## **Introduction**

Library can be considered as an ornament of any educational institutions. The quality of library services can enhance the quality of education of the institution. Considering the value of library facility for students and faculties, Marsyangdi Multiple Campus has established a central library since its establishment. Although there are no adequate facilities, the campus is gradually developing the infrastructure of the library. For the effective management of the library, the Campus Management Committee (CMC) has formed Library Management Committee (Earlier Library Advisory Committee) on 2075/10/16, and allocated 3,50,000.00 budget for purchasing books and 1,50,000.00 for furniture and library other equipment in the fiscal year 2077/078. The Library Management Committee is responsible for the overall development of the library, and has been operating with annual work plan.

## **The Annual Work Plan**

### **Action Plan of Library Management Committee for the year 2077/78**

<b>S.N.</b>	<b>Proposed Activities</b>	<b>Proposed Date</b>	<b>Responsibility</b>
1	Prepare reading section, reference section, curricular section and thesis section	By Mangsir, 2077	Library Management Committee
2	Equipped the library office with technology (internet, computer and photocopy machine)	By Mangsir, 2077	Library Management Committee and Campus administration
3	Purchase reference books (hard copies and e-books) and text books	By Poush, 2077	Library Management Committee and RMC
4	Collect and buy some academic journals (hard copies and soft copies)	By Poush, 2077	Library Management Committee and RMC
5	Purchase library software for bar code and apply it	By Magh, 2077	Library Management Committee and EMIS
6	Bring the access of e-resources from TU central library	By Baishakh, 2078	IQAC and Library Management Committee

## **Performed Activities**

According to the library guidelines and action plan, the library management committee has performed the following activities in the academic year 2077/078.

1. It has purchased about 400 reference e- books including the books of research methodology and other various disciplines. The committee has purchased the e-books which are difficult to buy the hard copy and most of them are not available.
2. It has managed dozens of national and international academic journals (both hard copies and soft copies)
3. It has purchased about 200 textbooks for bachelor level and 50 reference books for master's degree.
4. It has provided e-resources facilities for 100 teaching, non-teaching staffs and students from TU Central Library through RemoteX services by signing in MoU between TU Central Library and Marsyangdi Multiple Campus.
5. It encouraged the teaching and non-teaching staff of the campus including the students of master's degree in the orientation program about exploring e-resources from TU Central Library.
6. The barcode software has been purchased to systematize the library books.
7. It has managed reading sections, reference sections, textbook sections and journal section in the library.
8. It has updated the visiting log book and attendance book.
9. It has managed computer, photocopy machine and the services of internet in library to link for its record maintain.
10. The library has been providing the e-resources (which can study in off line) to everyone who demand for the resources.

11. Recently, the library has managed some M.Phil. and Ph.D. Thesis which the faculties and students can get through e-mail or in pen drive for study.

### **Future Plan**

The available resources of the library may not be sufficient for the increasing number of students in the campus. Similarly, the library has responsibility to provide resources to the community as it is the library of the leading campus of the district. The management committee will request the CMC to increase the budget of the library to update the library with the modern facilities and purchase more books including the reference books. Moreover, the space for library is not adequate, so there is a need of a separate library building and the committee has requested the CMC for this and it has been included in the Five Year Strategic Plan 2020-2024 of the campus.

## Annex 1

MoU with Central Library

(see volume 1, annex 16)

## Annex 2

### List of M.Phil. and Ph. D. Thesis available in Campus Library
